Final Program

SATURDAY 9th JUNE 2018

Home Brew Competition

Home brew items can be entered and displayed at the convention anytime on Saturday and Sunday. Judging of the Home Brew will commence at 14:00 on Sunday. The judges consider creativity, workmanship, documentation, whether a beginner or highly experienced and sometimes because it tickles our fancy. So pretty well anything we think is noteworthy or fun. Because the judges' decisions are final and we have lots of prizes, few miss out on a gift (except the judges). Have a go, you never know!

Entry fee is included with Hall Entry

Trophy Presentation at the hall after 17:30 on Sunday 10th June.

Come and Try Amateur Radio

Saturday afternoon from 13:00 – 15:00 there will be an Amateur Radio station set up in front of the Convention venue for the general public to come and try. Operators will be on hand to assist in making contacts and answer any questions you may have. The club will attempt some HF contacts and some VHF contacts. If you want to see just some of the aspects of Amateur Radio this is an ideal opportunity. If you're interested you can contact vk5sr@wia.org.au. It's not essential but we can organize some information for you if you contact us.

Special Guest Presenters:

Julie VK3FOWL and Joe VK3YSP from the School Amateur Radio Club Network will be presenting their popular Electronics Prototyping Workshop to several groups of budding radio enthusiasts with additional kits for sale at \$5 each.

To promote the environment, they will also be running a Lead-Free Soldering Competition open to all with free samples and prizes for the best work.

Later, they will be presenting their talk: “**Amateur Radio for Kids**” - Something we all need to think about.

For more details please visit them at <http://www.sarcnet.org>

Australian Fox Hunting Championships.

Cost \$30.00 per team for the weekend, covers all events. Pre-registering teams and competitors will greatly reduce paperwork at the start of the event.

Saturday 9th June 2018

Event 1: 10:00 – 11:30 Sniffer Hunt on 2 metres – The frequencies that we may use are 144.000, 144.250, 144.500, 144.750, 145.000, 145.250, 145.300, 145.500, 145.700, 145.750. The number of transmitters that will be used will be advised before the event commences. Also they will not be setup in any specific frequency order but randomly.

At 09:30 we will all meet at the car park near the barbeque area in the bottom of the Valley Lake - Sniffers to be setup in and around Valley Lake.

Event 2 14:30 – 16:30 Multi Transmitter 2m on 146.525MHz FM

Start Location: 37° 57.2573' S, 140° 51.633 E In the Quarry south side of Sea Coast Hill Rd just near Hell's Hole

This event is based on an ARDF foot event. 4 Transmitters on the same frequency will transmit 30sec on, 90sec off each in sequence so that only one transmitter is on at a time. Each transmitter will be uniquely identified by a morse code ident. Competitors will be released one at a time at 2min intervals, to prevent follow the leader and start congestion. Competitors waiting to depart will not be allowed to enter their vehicles until 15sec prior to their departure time. Time of departure will be recorded as will the time of arrival at the designated finish line. All competitors will be required to complete an information card to prove they have found each of the 4 transmitters. Other tokens may also be employed. The transmitters can be found in any order. Competitors will be required to carry a GPS logger on their vehicles. Competitors are required to restrict themselves to 100km/hr.

Competitor achieving identical times will be scored equal.

Event 3: 1930 The Wayne Kilpatrick Memorial Night "Multi-Leg" Fox Hunt

Start Location: SP3 Saleyards as usual.

1st Leg 2 Mx on 146.525FM, 2nd Leg 70cm on 439.025FM 3rd Leg 2 Mx on 146.550FM

4th Leg 6 Mx on 52.100FM, 5th Leg 10 Mx on 28.450USB

Again this year each leg must be hunted in the above order for this event, controllers are contactable on Ch.6 repeater (146.900) at all times.

It is essential that any team that withdraws from this event after its start **MUST** advise SERG (VK5SR) via Ch 6 repeater (146.900) to avoid an emergency services callout. This is important as search costs may be significant. Loss of points for Sunday events is being considered for failure to notify. This is for your safety. This year the start **may be a staggered start** with electronic scoring in use this is now a manageable possibility.
